English Diploma, Issued in U. S. A., Degree: Good.

Work Activities

Qualified in:

- Conducting research
- Teaching with technology
- Preparing and delivering sections
- Scientific writing
- Development of courses
- Involved in Undergraduate student coordination
- Preparing and conducting exams
- Organizing seminar
- Work under pressure
- Ability to work in groups

Memberships

- Member in the Egyptian Poultry Science Association.
- Member in the Agricultural Professions Syndicate (Assiut branch, Egypt).

Teaching records

Targeted students:

- Undergraduate students of Faculty of agriculture and Faculty of Veterinary Medicine, Assiut University.
- **Courses:** Teaching the practical parts of the following courses:
 - Principles of Poultry Production.
 - Principles of Poultry and Animal Breeding.
 - Principles of Poultry and Animal Husbandry.
 - Principles of Poultry and Animal Physiology.
 - Principles of Poultry and Animal Nutrition.
 - Equipment of Poultry Farms.
 - Poultry Breeding and Development.
 - Poultry Nutrition.
 - Poultry Production in Hot Climates.
 - Poultry Farming and Husbandry.
 - Physiology of Avian Reproduction and Artificial Insemination.

Publications

Attending Training Courses, Workshops

Abuzaid, M. A.; Abdellatif, M. A., and Abdelfatah, M. G. 2019. Direct Response Due to Selection for Body Weight at Eight Weeks of Age in Dandarawi Chicken: Body Weight and Conformation. Egypt. Poult. Sci. 39 (II): 501-517.

- Analytical and Creative Thinking.
- Publication of Research in International Journals.
- Statistical Analysis in Scientific Research.
- Electronic Learning Advanced.
- Effective Presentation.
- Quality Standards in Teaching.
- Participate in A Seminar on Genetic Improvement of Egyptian Local Poultry Strains-Present and Future.

Digital skills

SELF-ASSESSMENT

Information processing	Communication	Content creation	Safety	Problem solving
Proficient user	Proficient user	Independent user	Independent user	Proficient user

Computer skills

- Microsoft Office Application (word processor, spreadsheet, presentation software).
- Statistical analysis (SAS).
- Feed Formulation Programs.
