### ***Personal Data:***

Date of birth: 15<sup>th</sup> of July, 1990  
Marital status: married  
Nationality: Egyptian

### ***Professional Summary:***

I am assistant lecturer of anesthesia and intensive care at Assiut university hospitals specialized in anesthesia of liver transplantation and hepatobiliary surgeries.

I have completed a 57-month residency program in Department. Then, I have been assistant lecturer for about twenty months till now.

Such experience enables me to provide my patients with the best possible care in operative rooms and intensive care units. I have the capabilities to assess patients carefully, carry out suitable work-up to reach a sound diagnosis in order to achieve optimum patient care.

Also I help effectively in training my younger residents at anesthesia and intensive care units.

### ***Education:***

- **Assistant lecturer of anesthesia and intensive care, MD program Assiut Univ. 2020- Present:**

Thesis in (Dexmedetomidine infusion to prevent hepatic ischemia-reperfusion injury-induced glycocalyx degradation and early allograft dysfunction in the sitting of adult living donor liver transplantation).

- **Master's degree in anesthesia and intensive care (four year residency program at Assiut University Hospital) 2016- 2020, grade: excellent.**

Thesis in (comparison of effects of two doses of Dexamethasone added to Bupivacaine in Ultrasound-guided TAPB for inguinal hernia repair).

- **European Diploma in Anaesthesiology and Intensive Care EDAIC part I (passed 2020)and EDAIC part II (passed 2021).**
- **Professional Diploma in HBP and Liver Transplantation Anesthesia and Intensive care: since 10/2021 and till now.**
- **House officer 2015-2016.**
- **Bachelor's degree in Medicine and Surgery – Faculty of Medicine, Assiut University. September 2014, grade: excellent.**

## ***Work experience***

I am teaching assistant preparing my MD at hepatobiliary pancreatic center named EL Rajhy Hepatobiliary pancreatic center at Assiut University.

I have worked at this center since 2019, and I trained, shared and individually performed the perioperative care for forty cases of adult living donor liver transplantation.

Anesthesia and intensive care residency program at Assiut University Hospital which has a capacity of 1800 beds; one of the largest in the Middle East with high patient flow rate.

During this period, I trained and individually performed the most common anesthesia variants to various surgical procedures and trauma.

I trained and individually performed the most common skills and application of knowledge to most surgical and traumatic intensive care patients.

To name a few;

- Anesthesia and postoperative care of 40 cases of adult living donor liver transplantation.
- Anesthesia for surgical procedures such as Whipple operation, Cholecystectomy, pancreatectomy, hepatectomy, Appendectomy, Exploratory Laparotomy, Thyroidectomy and modified radical mastectomy.
- And for Minimal invasive laparoscopic procedures. (Lap. Cholecystectomy, diagnostic laparoscopy and Bariatric surgery).
- And for emergency (trauma) surgical procedures like traumatic chest and heart, emergency abdominal exploration and obstetric emergencies.
- Intensive care to postoperative patients like post-kyphosis repair patients, trauma like traumatic brain injuries and fracture ribs.
- Using US in vascular accesses, nerve blocks and ICU.
- Pain management to basic cases in pain clinic.
- Operation Smile Association member and active participation in local and international missions.

## ***Courses Conferences:***

- American Heart Association Advanced Cardiovascular Life Support (ACLS) program.
- Basic Assessment Support in Intensive Care course by Upper Egypt Society of Intensive Care in collaboration with ESICM 2017.
- Essentials of mechanical ventilation training course by anesthesia and intensive care department, Assiut University 2018.
- Ultrasound in Anesthesia and ICU workshop in ElMynia University 2018.
- Official conferences of anesthesia and intensive care department of Assiut University at 2017, 2018 and 2019.
