

3.3.2 The University Outreach programs to improve local health awareness in 2023:

Number of table	Title
I	Medical Convey
II	Seminars/workshops
III	Training Courses
IV	Curriculum improving health and wellbeing

The Faculties and institutes of Assiut University participated in many activities during the academic year 2023, included a number

of courses, seminars, and medical, cultural, and educational convoys, as a contribution to their role in community service, which helps in increasing awareness among citizens, their societal role, and spreading healthy cultures.

During the year 2023, Assiut University Hospitals received a number of patients of different nationalities for treatment and provision of medical services, contributing to its societal role in serving foreign citizens, whether visitors, immigrants or refugees and each of them received the necessary treatment in various medical specialties.

Events carried out by the Assiut University during the year 2023

I- Medical convoy

Faculty of Medicine

Event type/ title	Date/ Place	Category /Objectives	Effectiveness
