

A short version of
Curriculum Vitae

Of
Dr. ESSAM SALAH SAID ABDELMAGID

PERSONAL DATA

NAME Essam Salah Said Abdelmagid
BIRTH DATE 29/6/1975.
HOMETOWN Assiut, Egypt
MARITAL STATUS Married
LANGUAGES English and Arabic (native).
WORK assistant professor of Architecture, Department of Architecture,
Faculty of Engineering University of Assiut, Assiut, Egypt;
ADDRESS 50-A :Mohamed Ali Makarem st., Assiut city, Egypt.
TEL. No Egypt: 0020 1016675344 0020 1062743430
E-mail essam_sss@yahoo.com

EDUCATION:

- Ph.D. in Architecture, Faculty of Engineering, University of Assiut, Assiut, Egypt in topic "Using Simulation to Evaluate and Improve the Performance of the Outer Envelope of Buildings (From the perspective of energy consumption) Case study: office buildings in Cairo" (2009).
- M.Sc. in Architecture, Faculty of Engineering, University of Assiut, Assiut, Egypt in topic "The Development in using Building Materials and its Influence on Architectural Thought in Contemporary Architecture" (August, 2003).
- B.Sc. in Architecture, "Very Good with honor degree" from Faculty of Engineering, University of Assiut, Assiut, Egypt (July 1999).

EXPERIENCES

- assistant professor of Architecture in Department of Architecture, Faculty of Engineering, University of Najran, Najran, KSA. (august 2012- up to now).
- Lecturer of Architecture in Department of Architecture, Faculty of Engineering, University of Assiut, Assiut, Egypt. (junaury 2010- august 2012).
- Teaching Assistant in Department of Architecture, Faculty of Engineering, University of Assiut, Assiut, Egypt (December 1999 - September 2003).
- Assistant Lecturer of Architecture in Department of Architecture, Faculty of Engineering, University of Assiut, Assiut, Egypt. (October 2003 junaury 2010).
- Part time working as a designer in some private consulting office (1995-1999).
- Design and supervising for many kinds of projects (Architectural design, Interior design, Exterior design, working drawings) as a private practice (1999-2005).

SCIENTIFIC ACTIVITIES:

- Study tow years in the the Department of Building Physics and Building Ecology, Vienna University of Technology, Vienna, Austria as a channel system (2007,2008)
- Participating and assisting in the organization of the architectural conferences, which organized by architectural department, Assiut University for years 2000, 2003, 2005
- Assisting in the preparation of an exhibition about modern and new building cladding, at faculty of engineering, Assiut University in 2000.
- Assisting in preparing of *Researches Books* of the 4th, 5th, 6th and the 8th international architectural Conferences, which hold in University of Assiut, Egypt for years 2000, 2003, 2005, 2009
- Participating in many architectural seminars hold in faculty of engineering, University of Assiut, Egypt since 1999-2009.
- Publishing some scientefic architectural articles and research papres in architectural magazines and international architectural conferences.

- Residential balconies in contemporary Egyptian architecture (An analytical study) Journal of Engineering Sciences, Assiut University, Vol. 48, No 4, July 2020
- Using shipping containers in Egypt from an architectural perspective (An analytical study) Journal of Engineering Sciences, Assiut University, Vol. 48, No 2, March 2020
- "Rehabilitation of heritage buildings as an investment pattern for urban heritage sites Case Study: (Historic “Imarah” Palace- Najran City –KSA)" Mansoura engineering journal, Mansoura University, Vol. 43, No 3, September 2018
- Evaluation for the Residential Buildings’ Envelopes in Najran, Saudi Arabia (From the perspective of the environment) Journal of Engineering Sector - Al - Azhar University – JAUES Vol. 13, No 48, July 2018
- Vertical Green Systems (Analytical Study) Journal of Engineering Sector - Al - Azhar University – JAUES Vol. 13, No 47, April 2018
- Mud Buildings from a Contemporary Perspective (Futuristic vision) Journal of Engineering Sciences, Assiut University, Vol. 45, No 5, pp. 711-721, September 2017
- "Study Of The Effect Of Environmental Changes And Contemporary Advances On Mud Architectur" Journal of Engineering Sciences, Assiut University, Vol. 44, No 4, pp. 459-471, July 2016
- Architectural Education in the Digital Revolution Era(Analytical Study) International Conference on e - Learning in the Arab World Egyptian University of e – learning (EELU) 24-26 June 2014
- Using Simulation For Studying The Influence Of Residential Floor Dissimilarity And Its Height On The Thermal Performance Of Spaces In Residential Buildings In Hot Arid Desert (Case study: New Assiut City) Mansoura engineering journal, Mansoura University, Vol. 36, No 4, December 2011

- Using simulation for studying the effect of orientation on the thermal performance of spaces in residential buildings (New Assiut City as a case study) JES journal Assuit university, Assuit, EGYPT , 2011
- "A simulation-based study of the thermal performance of office buildings in Cairo" 4th International Building Physics Conference Istanbul, TURKEY, 2009
- "Using simulation to evaluate and improve the thermal performance of courtyard office buildings in Cairo" JES journal Assuit university, Assuit, EGYPT , 2009
- "The Development in using Building Materials and its Influence on environmental Architectural on hot arid areas" 5th International Conference, Assuit university, Assuit, EGYPT, 2003

TRAINING SESSIONS

- Training Program “Communication skills” Assiut University, July 2018
- Training Program “Student Evaluation” Assiut University, July 2018
- Training Program “Legal Aspects in University Environment” Assiut University, July 2018
- Training Program “how to design E-Course” Assiut University, July 2018
- Training Program “Management Scientific Research by using OneNote program” Najran University, KSA, November 2017
- Training Program “Ethics of Scientific Research” Najran University, KSA, 2017
- Training Program “Course Description” Najran University, KSA, 2013
- Training Program “Course portfolios” Najran University, KSA, 2013
- Training Program “International Publishing of Research” Najran University, KSA, 2013
- Training Program “Academic Advising” Najran University, KSA, 2012
- Training Program “Strategic Planing” Assiut University, 2009.

- Training Program “Code of Ethics” Assiut University, 2009.
- Training Program “Time and Conference Management” Assiut University, 2009.
- Training Program “International Publishing of Research” Assiut University, 2009.
- Training Program “Credit Hour System” Assiut University, 2009.
- Training Program “Effective Education” Assiut University, 2005.
- Training Program about using the world wide web in scientific research activities, 2001.
- Training Program “Preparation Of University Teacher” at Faculty of Education, Assiut University, 2000.
- Training Program about “Using AutoCAD as an Assistant Tool in Drawing Preparation”, 1996.

PROFESSIONAL SOCIETIES

- A membership of the Engineering Syndicate of Egypt.
