

NORHAN MAHMOUD RFEEK

- › **Status:** M.Sc. student, B.Sc. Physics
- › **Fields:** Material Science and nano technology

Internship (Zewail city for science and technology) 2019- 2020

- › I have finished some fundamental courses like : quantum mechanics , mathematical physics , astrophysics
- › Have a good experience with some radioactive materials .

Training / workshops (and online classes) 2018 - 2020

- › Terascale summer school: short lecture in particle and astrophysics
- › training at south egypt cancer institute , nuclear medicine unit

Skills () 2018-2020

- › Have good experience with Micosoft
- › Have some experience with origin , Excel, C++ and Mat tlap

EXPERIENCE

Graduated as B.Sc. Physics (University of Assuit) 2019/ 06

- › B.Sc. GPA : 3.57 from 4
- › Graduation Project : Crystal growth and electrical measurement on some semiorganic single crystal

Master Studies material Science and nano technology (Assuit university From 2020

- › Premaster courses : Material science classes, semiconductor and introduction into nanomaterial
- › quantum mechanics, electromagnetic theory and statistical mechanics

EDUCATION
