

ISLAM AHMED ABDELKADER ALI

PERSONAL PROFILE

"Having a strong background in the fields of communication and special education. My areas of expertise revolve around conducting intelligence and speech assessments, addressing language delays, and setting achievable goals. With a deep-seated passion for empowering individuals to reach their full potential, I excel in conducting sessions and managing diverse needs effectively. My combination of marketing and therapeutic abilities brings a unique perspective to any team. I am enthusiastic about contributing my versatile talents and being the perfect candidate to drive growth and leave a lasting impact on your organization. Let's connect and explore how I can enhance your team's success."

WORK EXPERIENCE

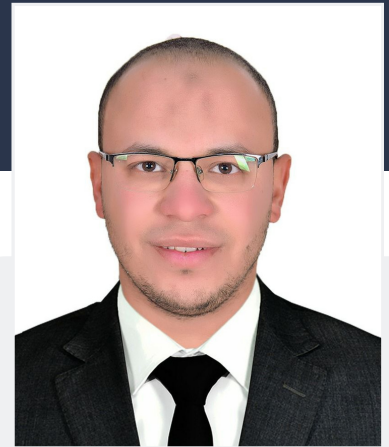

Position: Teaching Assistant Organization: Faculty of Social Service, Assiut University Duration: 2023/3/6

Key Responsibilities:

- Assisted professors in conducting lectures and workshops, providing support in class management and student engagement.
- Facilitated group discussions and practical exercises to reinforce course material and enhance student comprehension.
- Graded assignments, exams, and papers, providing constructive feedback to students to aid in their academic development.
- Conducted research on social work topics, collecting and analyzing data to contribute to academic publications.
- Organized and supervised field visits, giving students practical exposure to social service settings.
- Mentored and guided students in their academic pursuits and career aspirations.

Key Achievements:

- Successfully coordinated a community outreach program that served underprivileged families, providing them with access to essential resources and support services.
- Received recognition from the department for consistently maintaining a high level of student satisfaction in feedback surveys.
- Published a research paper in a reputable social work journal, highlighting the impact of community-based interventions in improving the lives of vulnerable populations.
- Assisted in organizing a regional conference on social work, contributing to its successful execution and positive feedback from attendees.
